## **KVCAP Child & Family Services/Educare Central Maine Media Release Form**

KVCAP Child & Family Services/Educare Central Maine documents children's learning through the use of technology. We use this media for a variety of reasons. For this purpose, "media" is defined as images, videos, and/or parent stories. Media is collected for developmental purposes as part of individual ongoing child assessments. We need your permission before we can use your child's/family's media in other ways inside and outside of the early care environment or inside and outside the agency. Please note, this media may be used even after your child/ren leaves the program.

**I give permission for my and my child's media to be used for the following purposes and understand that it may be reproduced, copied, modified, in whole or in part:**

1. In the program/agency's electronic and printed information, in any related collaborative partner electronic and printed information, on KVCAP, Educare Central Maine and collaborative partner web sites, and in media articles and broadcasts (newspaper, television).

Circle one:    YES                      NO

2. In the early care environment, in group images or video's that may be shared with other enrolled families, and for staff development purposes.

Circle one:    YES                      NO

I also understand that confidentiality issues arise when taking pictures/videos at program events that include images of children other than my own and/or staff. To the best of my ability, I will focus on capturing images of my own child/ren and/or request permission when taking photographs/images of other child/ren.

I am the parent/guardian of \_\_\_\_\_. I give permission for use of my and my child's image as indicated above.
